Leadership for Technology Professionals
14 September 2024 Saturday | 9:00 am - 5:00 pm

14/F, Fairmont House, 8 Cotton Tree Drive, Central, HK
(Admiralty MTR Station exit B)

Join us at the ISACA Annual Conference 2024, where this year's theme, "AI in the Age of Digital Transformation: Risks, Strategies, and Governance," takes center stage. This premier event will gather thought leaders, innovators, and professionals from across the globe to engage in an in-depth exploration of AI's role in digital transformation.

Participants will have the opportunity to attend expert-led sessions, engage in interactive discussions, and network with peers to share experiences and solutions. The conference will provide actionable insights that help organizations navigate the complexities of AI, ensuring they are well-prepared to leverage its benefits while mitigating associated risks. This is an unmissable event for anyone looking to stay at the forefront of AI and digital transformation.

Sunny GUAN
Director,
International Compliance
Alibaba Cloud

Sunny Guan has over 10 years of extensive experience in technology risk management, cloud governance, cyber security and privacy compliance. She has helped many MNCs with the advice and the implementation of compliance solutions with reference to the applicable regulatory requirements and industry best practice. Prior to joining Alibaba Cloud, she has 7 years experiences in PwC as an advisor in technology risk management and regulatory compliance.

Alan LEE
Partner,
Financial Services, Consulting
Ernst & Young

Alan Lee has over 20 years technology consulting experiences focusing on regulatory compliance, cyber security and data privacy. He led numerous regulatory advisory projects to assist banks in core banking systems migration and relocation, cloud adoption, outsourcing, banking services digitalization, and cyber security assessments. He also specialized in data privacy where he has established and implemented enterprise-wide data privacy governance programme for large enterprises covering multiple jurisdictions and advising territory-wide initiatives from data privacy perspectives.

Anson LAM
Senior Manager,
International Compliance
Alibaba Cloud

Anson Lam has more than eight years of specialized experience in security compliance, privacy, and governance within the realms of cloud computing and AI. His primary focus is to help ensure organizations adapt and remain compliant within a challenging and fast-changing compliance landscape. He holds an array of esteemed professional certifications, including CPA, CISM, CRISC and CDPSE.

Karen LIANG
Cybersecurity Manager,
Mainland China and Hong Kong
PwC

Karen possesses over 7 years of in-depth experiences in offensive security regarding technical red teaming exercises, malware attack simulation, penetration testing, IT risk and governance services for a wide range of industries in Hong Kong and across Asian Pacific including conglomerate, retail, financial services, public utility, critical infrastructure, property development, gambling and entertainment, automotives, luxury goods and information technology.

AI in the Age of Digital Transformation: Risks, Strategies, and Governance

Post-Conference Workshop

Topic: Leadership for Technology Professionals

14 September 2024 Saturday | 9:00 am - 5:00 pm

14/F, Fairmont House, 8 Cotton Tree Drive, Central, HK
(Admiralty MTR Station exit B)

Workshop Synopsis

Developing self-awareness and authenticity
- Values-based leadership: what it means to be an authentic leader

High level communication, influence and negotiation skills
- Develop effective techniques of persuasion, negotiation and influence using coaching skills and "conversational intelligence"

Develop self and others with "reflective leadership" Strategic career progression
- Everyday career management practices and creating a personal leadership plan

Transformational leadership strategies to accelerate team performance
- Leverage team dynamics to optimise performance
- Develop strategies to manage uncooperative team members

Drive change and innovation as a leader
- Recognise and overcome obstacles to change
- Learn to trust your intuition, take risks and step outside your comfort zone

Remain productive in a crisis
- Build resilience to thrive under pressure

Action planning for leadership
- Develop a personalised approach to development that spans short and long-term goals

Jo Stewart RATTRAY

Director,
Technology & Security Assurance
BRM Advisory

Jo has over 30 years' experience in the IT field some of which were spent as CIO in the Utilities and as Group CIO in the Tourism space, and with significant experience in the Information Security arena including as CISO in the healthcare sector. She specialises in consulting in risk and technology issues with a particular emphasis on governance and security in both the commercial and operational areas of businesses. Jo provides strategic advice to organisations across a number of industry sectors including banking and finance, utilities, manufacturing, tertiary education, retail, healthcare and government.
